Tuesday February 8, 2022

Current Situation as of 1330 hrs.

Approximately 50-60 vehicles are blocking North and South Bound traffic to the Ambassador Bridge. The vehicles are situated at College Avenue and Huron Church. It does not appear that the group of demonstrators have a leader. The group of vehicles appears to be divided into two separate groups. One group is willing to work with Police and open some lanes of Huron Church, allowing traffic to flow, while the other is very oppositional and refuses to give up any ground.

Windsor Police Officers have blocked off traffic points leading to the demonstration.

Police are monitoring communication between the demonstrators. They are voicing that there are many supporters on the outside trying to get in.

The group of individuals willing to work with the Police are offering to open Northbound lanes on Huron Church, allowing traffic to flow into the United States. They are holding the line to let any traffic from the United States entering Canada – Their reasoning for this is they believe the US government will put pressure on the Canadian Government.

The concern that Police have is that if they start to allow traffic into the area, there is a potential for many additional supporters to join the demonstration.
